

Two dimensions of quality.  
One rather nice result.

Excellent news for anyone who needs cooling for flowers.  
Or bananas. Or meat, fish, fruit, agricultural produce – just  
about any fresh foods.

Helpman has become a part of Alfa Laval.

The Helpman range of industrial air coolers is un-  
paralleled in performance, quality and versatility. Alfa Laval's  
support and service network is renowned everywhere.

Now they combine to keep your products fresher and  
your business crisper than ever.

What result could be nicer?
